New York - New Jersey  
Harbor Estuary Program

GOINGCOASTAL.ORG

**NO DISCHARGE AREAS (NDA)**  
The New York waters of the Hudson River are an EPA designated No Discharge Area, where it is illegal to discharge any boat sewage from a holding tank or portable toilet or use a direct discharge toilet anywhere in the river, from the Battery to Troy Dam. All sewage must be emptied at a pumpout station. If the waterbody is not designated NDA, boaters can discharge treated sewage from a Type I or Type II USCG certified Marine Sanitation Device. This practice is discouraged in all waters of the NY-NJ Harbor Estuary, near shore waters, near shellfish beds, and areas of high boat concentrations.

## KEEP OUR WATERS CLEAN, USE PUMPOUTS

\* Installed by the New York City Department of Environmental Protection

VACUFLUSH.

Environmental Facilities Corp. assists in implementation of Clean Marina Practices by administering Clean Vessel Act Program reimbursement grants for 75% OF COSTS UP TO \$35,000 per project that directly relate to renovation, construction and replacement (maintenance coming soon) of pumpout facilities that benefit recreational boaters.

CVAP Participants, make your facilities more boater friendly, post EFC pumpout flag markers.

Call: 1-800-882-9721 or 518-402-7461 (within NYS) E-mail: cvap@nysefc.org  
Visit: www.nysefc.org

\* For copies of the pumpout map go to www.goingcoastal.org
