

**COMMERCIAL REVITALIZATION PROGRAM INSTRUCTIONS****FOR REAL PROPERTY TAX ABATEMENT AND/OR COMMERCIAL RENT TAX SPECIAL REDUCTION****IMPORTANT NOTE:** Applications **MUST** be filed with a non-refundable \$500 filing fee within 180 days of the lease commencement date**PROGRAM OVERVIEW**

The Commercial Revitalization Program consists of several component benefits designed to increase tenant occupancy while also reducing building obsolescence. Two major benefits that require the completion of this application are the Real Property Tax Abatement and the Commercial Rent Tax Special Reduction. These benefits are available to nonresidential or mixed-use premises located in the abatement zone and meeting the eligibility requirements.

ELIGIBLE AREA IN LOWER MANHATTAN

The eligible area in lower Manhattan, called the abatement zone, is generally defined as the area bounded by Murray Street and Frankfort Street on the north, South Street on the east, Battery Place on the south and West Street on the west.

REAL PROPERTY TAX ABATEMENT & LENGTH OF BENEFIT

The Real Property Tax Abatement Program provides either a three or five year benefit. For the five-year benefit, the abatement in the first three years is limited to \$2.50 per square foot of the property tax, (based on the percentage of area occupied by the tenant in the eligible premises). In the fourth and fifth years of the abatement period, the benefit will equal two-thirds and one-third respectively, of the initial tax abatement. For the three-year benefit, the abatement is limited to \$2.50 per square foot in the first year. In the second and third years of the abatement period, the benefit will equal two-thirds and one-third respectively, of the initial tax abatement.

LEASE TERMS AND MINIMUM EXPENDITURES

In order to be eligible for the abatement program, the lease on the premises must meet the minimum lease requirement corresponding to the length of the benefit. **Sublets are not permitted.**

LEASE TERMS - The minimum lease term required to be eligible for the abatement and special reduction programs is based upon the number of persons employed in the eligible premises sixty days following the rent commencement date. If one hundred and twenty five or fewer persons will be employed in the subject space, the minimum lease term required for the premises is three or five years. If more than one hundred and twenty five persons will be employed in the subject space, the minimum lease term required is ten years.

MINIMUM EXPENDITURES - Expenditure requirements are a minimum of five dollars per square foot for all premises requiring a lease term of at least three or five years. Expenditures of at least ten or thirty-five dollars per square foot depending on lease type are required for premises requiring a lease term of at least ten years.

ADDITIONAL BENEFITS

Four additional benefits beyond the scope of this application are the Lower Manhattan Energy Program (LMEP), the Residential Conversion Tax Exemption Program (421G), and the Industrial and Commercial Incentive Program (ICIP). For further information about these programs, see #5 under "Filing Instructions" on page D of these instructions.

COMMERCIAL RENT TAX CHANGES

The existing CRT special reduction for Lower Manhattan has been liberalized for certain leases that begin on or after July 1, 2005. Also, a provision addressing proration was added.

For additional information, see page B of these instructions.

COMMERCIAL RENT TAX

The Commercial Rent Tax (CRT) Special Reduction is a thirty-six or sixty month benefit. In the sixty month benefit, the special reduction is equal to the base rent for the base year. (The base year is the first twelve months.) For the second and third twelve month periods, the special reduction is equal to the lesser of the base rent for the base year or the base rent for each such twelve month period. For the fourth and fifth twelve month periods, the special reduction is equal to two-thirds and one-third, respectively, of the lesser of the base year rent or the base rent of such twelve month period. For the thirty-six month benefit, the special reduction is equal to the base rent for the base year. For the second and third twelve month periods, the special reduction is equal to two-thirds and one-third, respectively, of the lesser of the base rent for the base year or the base rent of such twelve month period.

Tenants in a *non-government owned building* must apply for real estate tax abatement benefits in order to receive CRT benefits. A tenant who receives a Certificate of Abatement from Real Estate Tax will automatically be eligible for the CRT special reduction.

Tenants who have leased space in a *government owned building* may still qualify for the CRT Special Reduction benefit. The requirements for such applications are the same as for the real estate tax abatement program except that the expenditure and owner requirements need not be met. Qualifying tenants in a government owned building will receive a Certificate of Eligibility for Commercial Rent Tax Benefits.

For purposes of applying the special reduction, the base rent for the base year shall, where necessary to determine the amount of the special reduction allowable with respect to any number of months falling within a tax period, be prorated by dividing the base rent for the base year by twelve and multiplying the result by such number of months.

LEASES ON AND AFTER JULY 1, 2005

Effective August 30, 2005, the Commercial Rent Tax reduction program is expanded for those taxpayers who are eligible for the Commercial Revitalization Program benefits to include more buildings and to provide a greater base rent reduction as follows:

- ◆ The new law expands the program to include buildings south of Canal Street that received their certificate of occupancy after 1975.
- ◆ The new law provides for a base rent reduction for the first five years of the lease equal to the lesser of the first year's rent or 100% of the rent paid for the period.
- ◆ This expansion is available for leases but not for subleases, having a term of at least five years beginning between 7/1/2005 and 6/30/2027.

Tenants receiving either a Certificate of Abatement from Real Estate Tax, or a Certificate of Eligibility for Commercial Rent Tax Benefits will be required to attach the certificate and a Commercial Rent Tax Special Reduction Compliance Certification Form to any CRT return in order to claim the special reduction.

If applying for only CRT benefits, **in a government owned building**, complete the following:
