

Submit the HHS Prequalification (PQL) Application

The Health and Human Service (HHS) Prequalification (PQL) Application is required to compete for Human/Client Service funding.

Organizations must have an Approved HHS PQL Application to respond to human/client service solicitations released in PASSPort, and may be used for City Council Discretionary award clearance. However, if an organization only receives City Council Discretionary award funding and will not compete for RFP contracts, complete the Discretionary PQL Application instead.

The HHS PQL Application collects information to verify each organization's ability to establish or maintain a business relationship with the City.

HHS PQL applications are reviewed by the Mayor's Office of Contract Services (MOCS), and once an organization's PQL is Approved, most nonprofits are **prequalified until their organization's [annual financial statement or report expires](#)**. Some organizations, such as for profits, will maintain prequalification for 3 years.

Important: Nonprofits that are required to submit their annual NYS Charities Bureau Filings **must update their HHS PQL application annually** in PASSPort to maintain prequalification. Only HHS prequalified providers are eligible to respond to Human/Client Service **Requests For Proposals** (RFPs) and compete for funding from City Agencies.

At this point, go to the Documents tab to [Add a Required Document](#). After adding the document, click the **Questionnaire** tab to certify you uploaded the Charities Filing or Exemption or 30-day extension request.

15. To complete the certification, click the **Answer** drop-down and select **one of eight available options** based on whether your organization is new to filing, exempt from filing, requests a 30-day extension to file a copy of the financial statement, or select the option corresponding to the organization's annual revenue and the associated Charities Bureau requirement.

Documents Tab Certification - Charities Filing or Exemption Documentation

To become prequalified, all nonprofits are required to submit their most recent New York State (NYS) Charities Bureau Annual Filing, including required attachments, such as IRS 990 and CPA Review/Audit as one electronic file. If your organization is exempt from filing with the NYS Charities Bureau, your organization is required to submit an Exemption Letter from NYS Charities or a letter on your business letterhead explaining why your organization is exempt and your organization's 12-month Financial Statement. Please refer to the NYS Charities Bureau to see what is required for your organization. The HHS Prequalification requirements align with the requirements of the NYS Charities Bureau.

How to upload Filings Document or Exemption Letter:
Please visit the [Resources Library](#) on the MOCS website, find the section called **Show the City Who You Are** and read the **Submit the HHS Prequalification (PQL) Application** guide.

Filings Document Validity Start and End Dates:
In the Documents tab, nonprofits are required to add the Required Document (Annual Filing or Exemption) either by (1) uploading from their computer or (2) linking from the PASSPort Vault. The **Validity Start Date** should be the **HHS PQL application submission date**. The **End Date** should be the organization's **next Charities Bureau Filing Due Date**. To determine the Due Date of the organization's next annual filing, contact the NYS Charities Bureau or review the Annual Filing Schedule in the Submit the HHS Prequalification (PQL) Application guide.

Exemption Letter:
If adding an Exemption Letter, the Validity End Date for the document is three years from the HHS PQL application submission date. **Example:** If the submission date is March 4, 2025, the Validity End Date for an Exemption Letter is March 4, 2028.

Note: If the Required Document is to be **linked** from the PASSPort Vault to the PQL application, it's required to change the Validity Start and End Dates via the PASSPort Vault **prior to linking**. Refer to the [Resources Library](#) to access the **Submit the HHS Prequalification (PQL) Application** guide for instructions to change the document's Start and End Dates.

Important: When the document's Validity expires, your organization's HHS PQL Application status will change from Approved to Expired.

Avoid Common Mistakes in HHS Accelerator PQL Applications

Review the guidance below to **avoid common mistakes** many vendors make and work towards getting your organization's prequalification approved from the initial submission.

Questionnaire Mistakes

1. **Incomplete** Certificate of Incorporation (COI) or [Equivalent](#)
 - Be sure to provide a copy of the **complete document** issued by New York State (or state it was incorporated in) including amendments addressing name change, foreign entity registration (also known as the Application of Authority with NYS), Articles of Organization (LLCs only), etc.
 - Name on Required Document such as Certificate of Incorporation or equivalent **must match** Legal Name in PASSPort.
2. **Incomplete and Outdated** Board of Directors List
 - Be sure to provide the most **current version** including board members' **current** place of employment (if applicable).
 - **Important:** To be in compliance with NYS law and NYC contracts, the board chair, board secretary, and board treasurer **cannot** be employed by the organization.
3. **Policies Adopted by a Different** Organization
 - Be sure to provide the **organization's internal** [Conflict of Interest Policy](#), as adopted by the board of directors.

Required Documents Mistakes

1. **Incorrect Start** and/or **End Date** of Financial Statement or Report.
 - Be sure to enter the date of HHS Accelerator PQL submission as the Start Date.
 - Nonprofits (annual filers) must determine the End Date by checking the [Charities Bureau Filing Schedule](#) for the deadline of their next filing year.
 - Nonprofits (exempt) and for profits must enter the date **3 years** from submission as the End Date.

Note: The End Date determines the expiration of HHS prequalification.
2. **Dates do not align or are incorrect** within the Charities Filing (CHAR500, 990, and Audit).
 - Be sure all combined documents are for the same filing period.
 - Be sure to submit a **complete copy** of the documents submitted to the Charities Bureau.
3. **Date missing** next to signature in Charities Filing (CHAR500).
 - Be sure to submit a **complete copy** of the documents submitted to the Charities Bureau.

4. **Date and signature missing** in Charities Filing (CHAR500).
 - Be sure to submit a **complete copy** of the documents submitted to the Charities Bureau.
 - **Note:** The Charities Bureau no longer accepts paper filings. All filings must be done online.
5. **For Profits must submit a 12 Month Financial Statement or 12 Month Profit and Loss Statement.**
 - Be sure to submit the **full 12 Month** Financial Statement or Profit and Loss Statement. Only **new For Profit organizations** may submit a **projected 12 month budget**.

Submit HHS Accelerator PQL Application to MOCS for Review

After completing the Questionnaire and the Documents tabs, submit the HHS Accelerator PQL Application to your colleagues (with a Vendor Procurement L2 or Vendor Admin role) who will then submit it to MOCS for review.

Note: Not all organizations will require 2 individuals (levels) to complete and submit their HHS Accelerator PQL Application. It's common for organizations to have a user with only the Vendor Procurement L2 or Vendor Admin role complete and submit the application to MOCS without the assistance of a colleague with the Vendor Procurement L1 role.

1. In the HHS Accelerator PQL Application, click the **Submit for Review** button.

The screenshot shows the 'PQA001266:HHS Accelerator Prequalification' application page. The top navigation bar includes a search bar and a print icon. The left sidebar contains links for Overview, Questionnaire, Documents, and Application History. The main content area displays the 'PQL Information' section with fields for 'PQL ID' (PQL000101) and 'Availability' (Open). A red circle with the number 1 highlights the 'Submit for Review' button in the top right corner of the application area.

2. Click the **Sign and Submit Application** button to proceed to the Electronic Signature.
Important: To make any changes to the PQL application **before signing and submitting**, click the **Return to Vendor L1 Draft** button.

Note: Only users with a Vendor Procurement L2 or Vendor Admin role may complete this and subsequent steps.

The screenshot shows the same 'PQA001266:HHS Accelerator Prequalification' application page. A red circle with the number 2 highlights the 'Sign and Submit Application' button in the top right corner of the application area. The 'Return to Vendor L1 Draft' button is also visible to the left of the highlighted button.

3. Read the statement and click the **I Certify All of the Above** checkbox.

The screenshot shows a window titled "ELECTRONIC SIGNATURE" with standard window controls (print, maximize, close) in the top right. Below the title bar are three buttons: "Save", "Save and Close", and "Close". The main text area contains a certification statement: "By submission of this Prequalified List Application ('Application'), I hereby certify:" followed by three numbered items: "1. I am an authorized representative of the submitting entity;", "2. All contents of this submission are accurate;", and "3. I have read and reviewed all documents and information contained within the Application, including any instructions and terms and conditions." Below this text is a checkbox labeled "I certify all of the above" with an information icon. A purple circle with the number "3" is placed over the checkbox. At the bottom left is a "Cancel" button.

The window refreshes and the Sign button appears to the left of the Cancel button.

4. Click the green **Sign** button.

This screenshot shows the same "ELECTRONIC SIGNATURE" window after a refresh. The certification statement and the "I certify all of the above" checkbox (now checked with a blue checkmark) remain. A purple circle with the number "4" is placed over the checked checkbox. At the bottom left, a new green button with a checkmark and the text "Sign" has appeared, positioned to the left of the "Cancel" button.

5. The HHS Accelerator PQL application is now In Review with MOCS. **Note the message** above the PQL Information section in the Overview tab:
6. This application is currently In Review. To make any changes, please contact the Managing Agency to return this application. In the case of the HHS Accelerator PQL, the managing Agency is [MOCS](#).
7. In the Vendor Status section, the Application Activity updates to **In Review**.
